## PRINT LIST

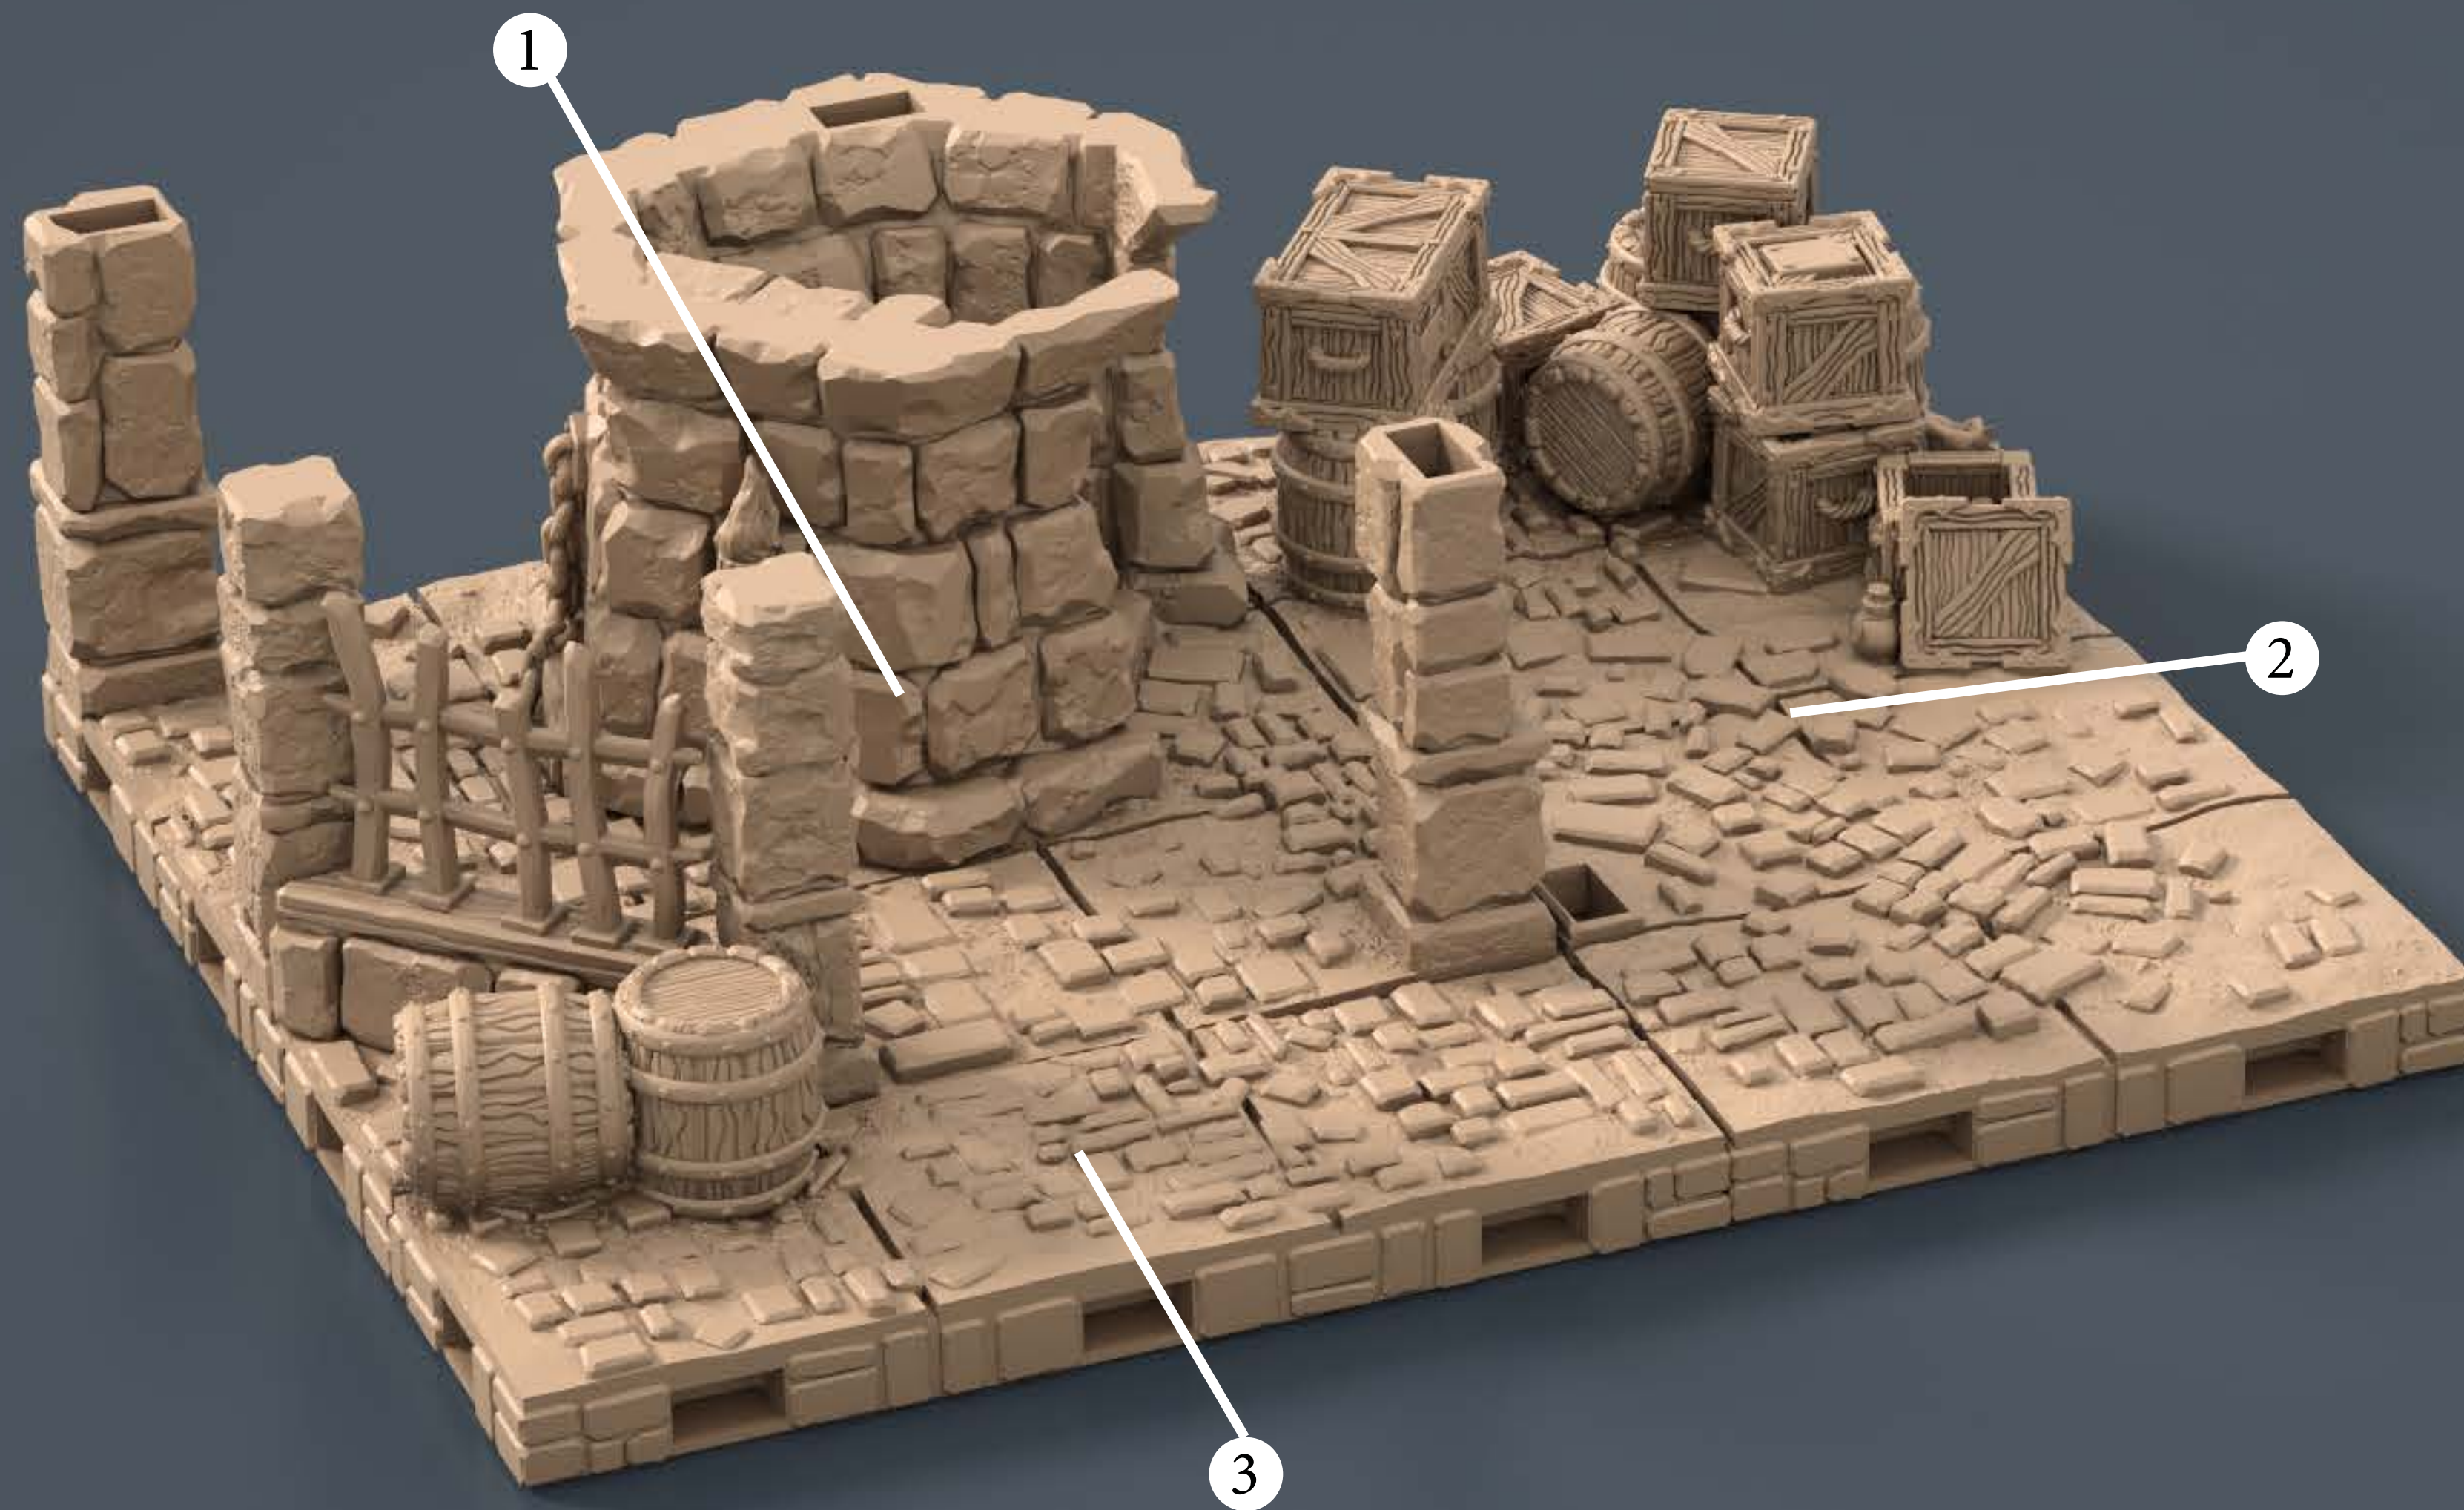

1. 1x BL Arena Edge Corner Lower

3. 1x BL Arena Dice Tower Floor 1x3

## NOTES

Use the standard **DRCS Clip** to connect all of the parts for each level together.

Use **DRCS Clip Tab** in a lower floors vertical connection hole to act as a peg for the floor above.

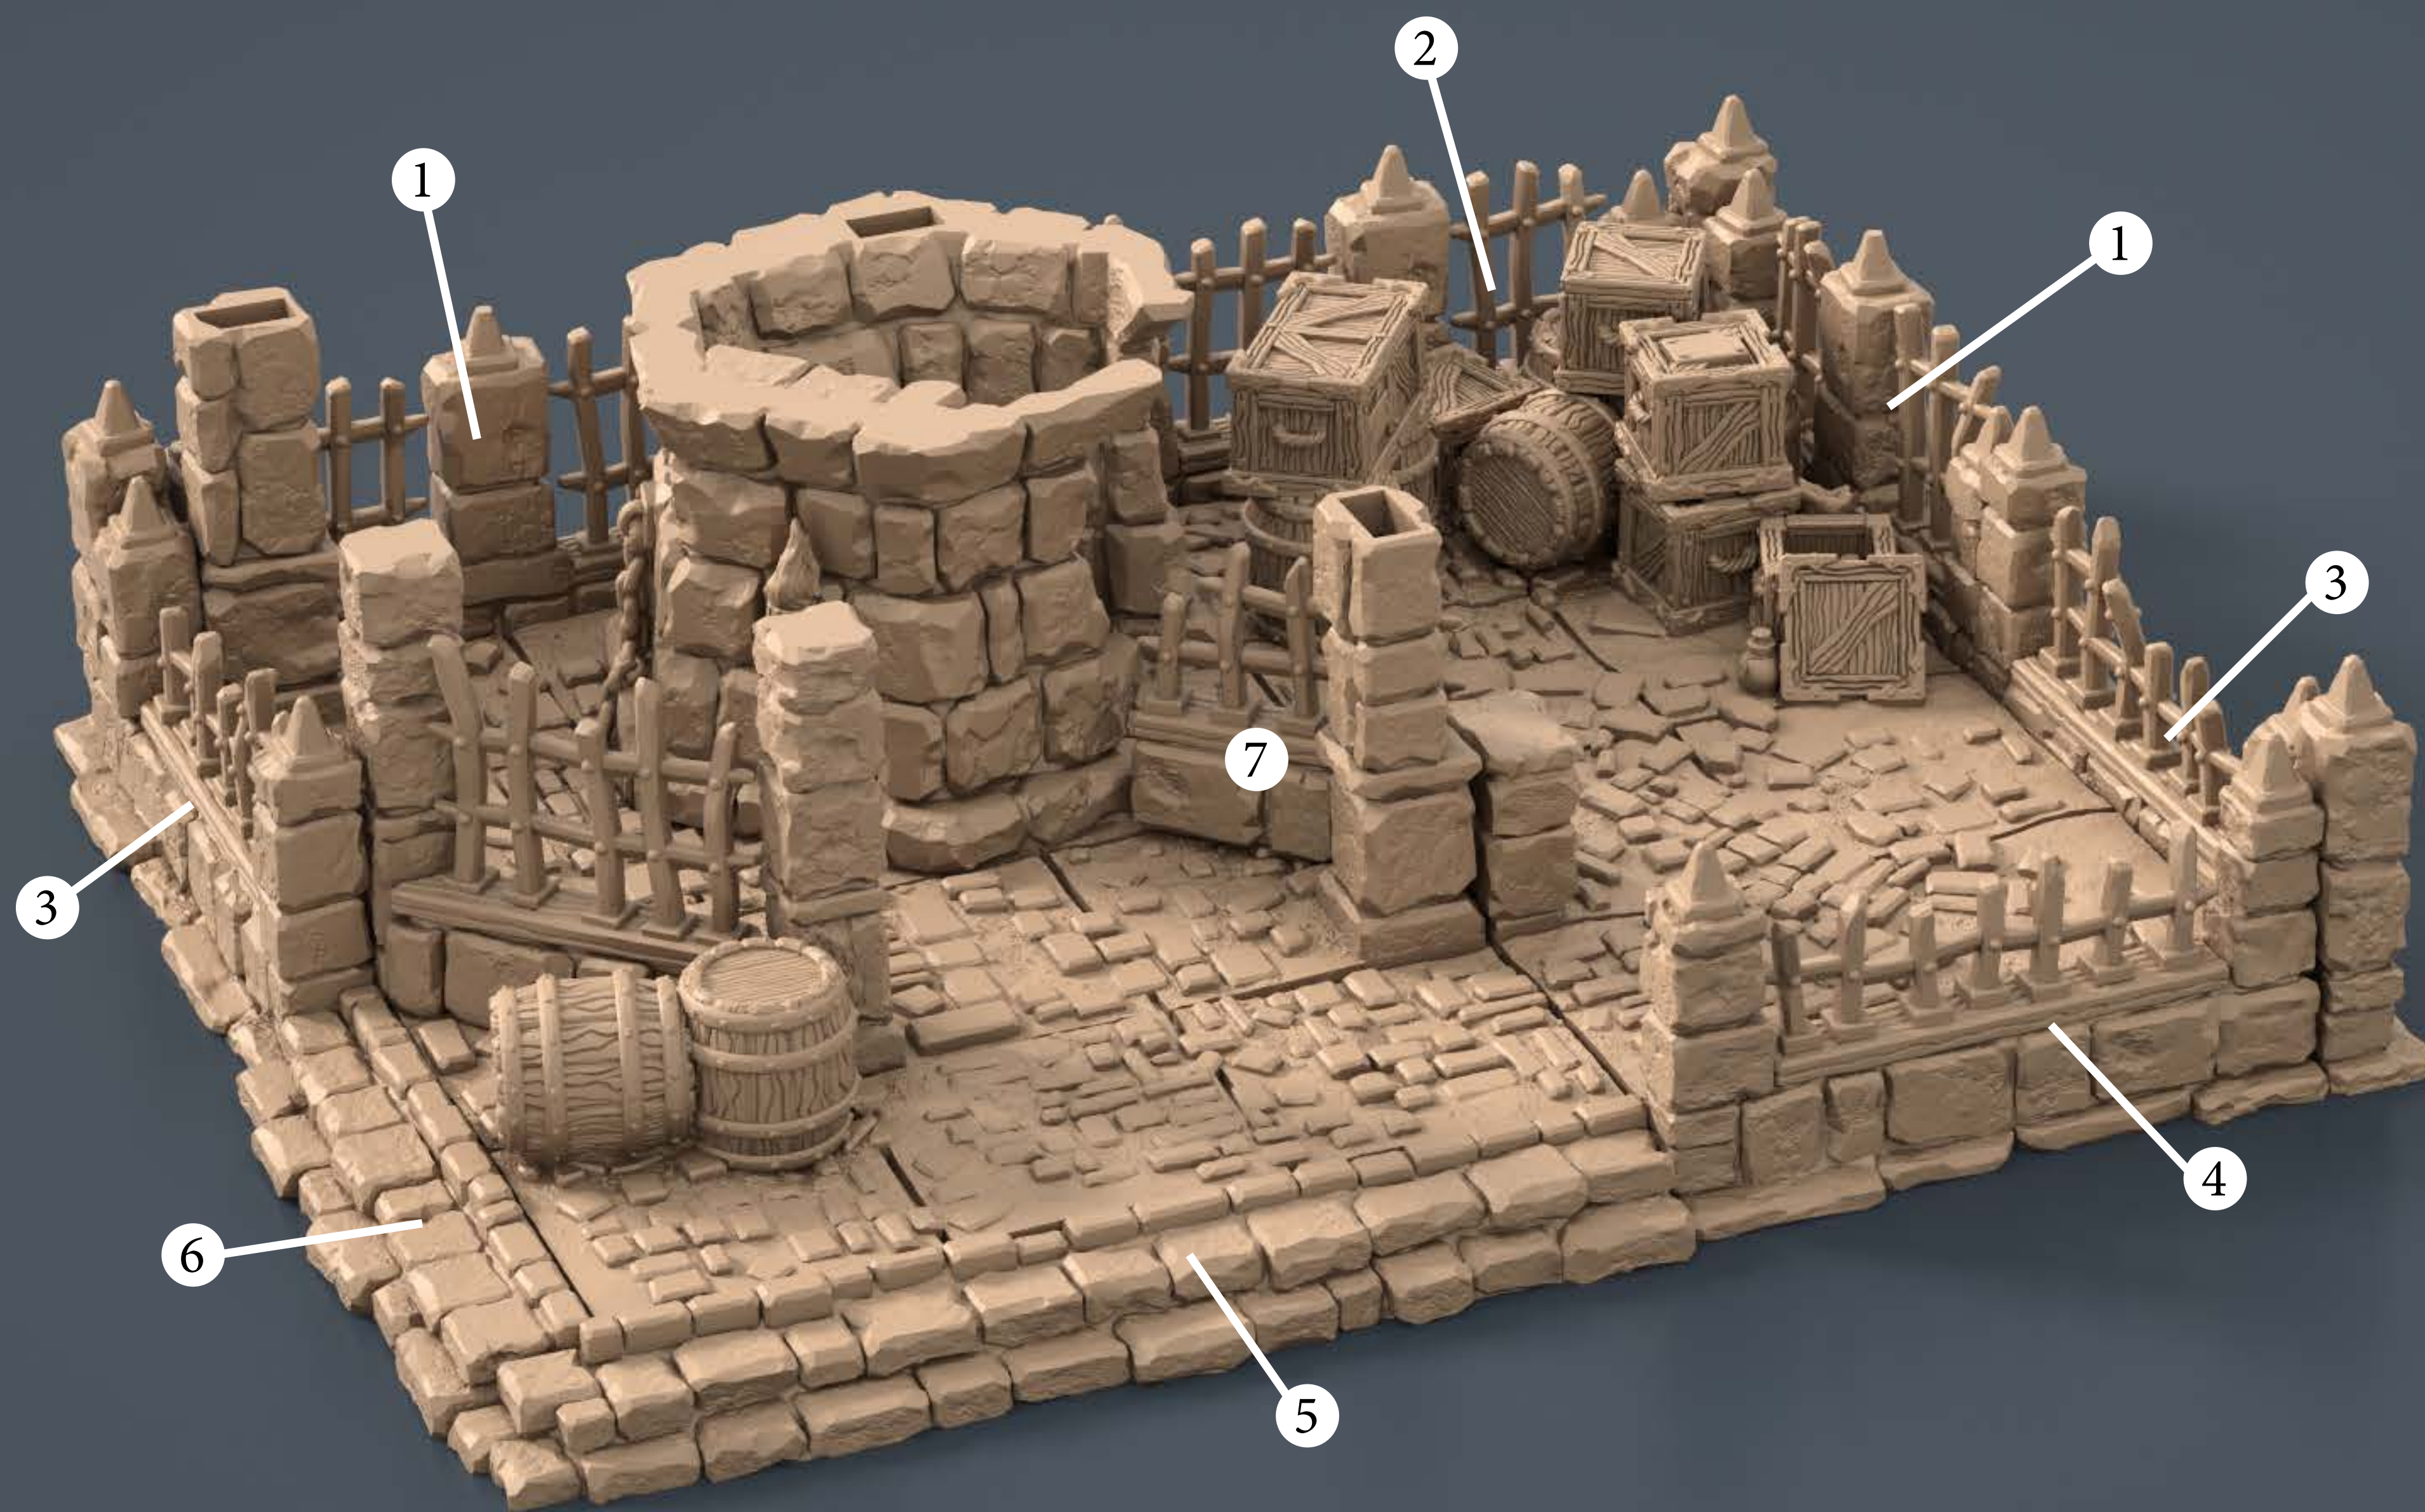

The brazier has a hole for an LED light. Printing the flame in a translucent colour works great with this.
