

Safety & Warning Instructions

General Safety Warning

Warning: This product is not a conventional toy and is not suitable for children under 14 years old. Contains small parts that can be swallowed. Choking hazard!

Not suitable for children under 3 years old. This product contains small parts that may cause serious injury if swallowed.

Material Information

This product is made from PLA. PLA is a biodegradable plastic and is safe for skin contact. However, the product should not be exposed to prolonged moisture or extremely hot environments, as this may affect its stability.

Temperature Warning

PLA may soften at temperatures above 50°C (122°F). Avoid storing or using the product in direct sunlight or near heat sources.

Mechanical Stress

This product is not designed to withstand high mechanical stress. It may break or splinter if heavily loaded or dropped. Splinters can cause injuries.

Care Instructions

Clean the product with a soft, damp cloth. Avoid using aggressive cleaning agents or excessive moisture.

Painting Warning

If you choose to paint the product, use only paints and finishes that are suitable for plastics and non-toxic. Ensure that the paint is completely dry before allowing contact with children or delicate surfaces.

Swallowable Parts

Warning: This product contains removable and small parts. Keep it away from children and pets if small parts can be detached. This includes ball and/or barrel magnets.

Intended Use

This product is intended solely for use as tabletop terrain or decoration. It is not designed for other purposes.

Usage Guidelines

Use only under adult supervision. Ensure the product is placed securely on a stable surface to prevent tipping or falling.

Environmental Notice

Dispose of the product responsibly if it is damaged or no longer needed. PLA is biodegradable but requires specific conditions for proper disposal. Check with your local recycling facilities for appropriate options.

Battery Warning (if applicable)

Warning: Batteries can be used with this product. Swallowable batteries pose a significant hazard. Keep batteries out of reach of children.

If a battery is swallowed, seek medical attention immediately.

Battery Replacement (if applicable)

Battery replacement should only be performed by adults. Ensure the battery compartment cover is securely closed before using the product.

Use only the recommended battery types. Do not mix old and new batteries or different types of batteries.

Battery Disposal (if applicable)

Old or depleted batteries must be disposed of in accordance with local recycling regulations. Do not dispose of batteries in household waste.

Remove the batteries if the product will not be used for an extended period.

Overheating Risk

Do not leave the product unattended while in use. Avoid using the product in direct sunlight, near heat sources, or under flammable materials.

Usage Instructions

This product is not waterproof. Use it only in dry indoor environments.

Turn off the product when not in use to extend battery life. (if applicable)

Repair Notice

Do not attempt to open or repair the product yourself. Contact the seller or manufacturer for assistance if issues arise.

Flashing Light Warning (if applicable)

If the LED light spheres contain flashing lights, note that these may trigger seizures in sensitive individuals, such as those with epilepsy.
